

Enhance Financial and Operating Efficiency through better Internal Control and Strategic Decision-Making Skills

Two-day Workshop**16th & 17th October 2025**

Program Overview

In today's dynamic business environment, organizations need strategic financial decision-making to drive growth and ensure stability. This Management Development Program is designed to enhance the financial acumen of various professionals by equipping them with essential accounting principles, financial statement analysis, and cost management techniques. Participants will gain insights into effective fund planning, risk forecasting, tax discipline, and tools for improving operational efficiency and profitability. With a focus on practical application, the program empowers professionals to make informed, agile, and impactful financial decisions.

Learning Outcomes

- Apply basic accounting principles to solve real-world managerial and financial problems.
- Analyze and interpret financial statements to identify performance gaps and improvement areas.
- Identify and resolve inefficiencies in financial resource management within the organization.
- Enhance the accuracy and reliability of budgeting and forecasting processes for strategic decisions.
- Utilize financial decision-making tools to support effective managerial actions.
- Implement rigorous tax management practices to ensure compliance and optimize liabilities.
- Develop and apply standard financial models using Excel & AI for planning and analysis.
- Assess and mitigate multiple dimensions of financial risks impacting their firms.
- Identify and evaluate sources of funds to meet short-term and long-term financial requirements.

Who should attend?

- Managers and professionals seeking to sharpen their financial decision-making skills.
- Entrepreneurs and business owners aiming to optimize financial resources and strengthen their firms' finances.
- Executives looking to enhance budgeting, forecasting, and overall financial management capabilities.
- Academics and researchers interested in exploring practical aspects of financial management.
- Finance students and research scholars eager to broaden their knowledge and gain real-world insights.

Participation Fee (Incl. GST)

- Industry Professionals: ₹3000
- MSME Business Owners & Academia: ₹2000
- Students & Research Scholars: ₹1000
